

APC Mobile Power Packs M6BK, M12BK

M6BK M12BK

Stay connected throughout life's journeys

You'll never worry about your phone dying in a critical moment again. Watch videos on your flight from New York to Tokyo or listen to music during an outdoor adventure. The M6BK and M12BK charge compatible devices 5 times faster than the conventional USB charger.

Reliable, safe power anywhere you go

APC's mobile power packs keep your devices (smartphones, tablets, cameras, etc.) charged so you're always connected, wherever you are. Additionally, our mobile power packs have industry-leading safety features, including over-temperature protection. When the battery temperature is above the safe operating range, the unit automatically shuts down, safeguarding the unit and battery.

M6BK

Powerful battery for mobile devices

M6BK provides over 2 full charges to a smartphone.
M12BK provides 4.5 full charges to a smartphone, and over a full charge to a tablet.

Charge devices five times faster

With Qualcomm Quick Charge 2.0 technology, these mobile power packs charge devices five times faster than a conventional charger.

Pass-through charging

Spend less time charging, and more time doing. Charge your mobile power pack and connected devices at the same time.

1 year warranty

Both models come with a full one year warranty.

Charge any USB device

Devices include smartphones, tablets, cameras, media players, and portable gaming consoles.
