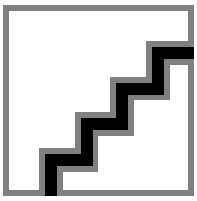
PHILIPS

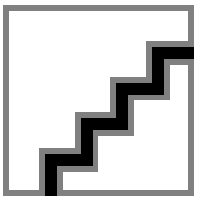
Features

Saves up to 80% energy



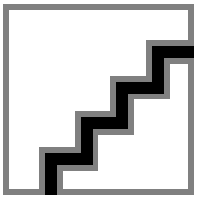
The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Ultra-long bulb life



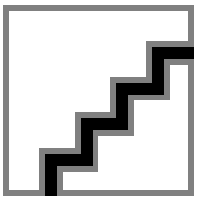
Philips bulb included with an ultra-long bulb life, up to 8000 hours.

Diffused warm white light



This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Adjustable height



This Philips light is delivered with long cables to offer you maximum flexibility during installation. Choose the perfect height to match your needs.

Chrome

Bringing brilliance to any interior, chrome has a metallic silver look with a mirror effect.
