Ultimate flexibility in installation

- Cut to size
- Plug and Play: easy installation
- Easy to mount with adhesive tape

Easy and safe to use

- Easy-to-use control switch
- Protective silicone layer
- Safe LED technology

PHILIPS

Features

Choose from 7 colours

Choose your favourite colour from the 7 different colours including white.

Diffused light effect

All the different colours blend naturally into your interior thanks to the diffused light effect with an output of 90 lumen/metre.

Automatic colour changing mode

To activate the colour loop mode, simply flip through the colours by pressing the colour change button. Colours will be displayed in the following order: red, green, blue, light green, light blue, purple, white and finally the colour loop mode.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

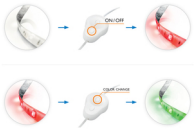
Plug and Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug and play principle. Everything you need is included in the box and explained in the Quick Start Guide.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated adhesive strip on the back.

Easy-to-use control switch



The control switch allows you to switch the LightStrips on and off. With the colour change button you can also choose 1 of the 7 available colours or simply put the LightStrips on auto colour changing mode.

Protective silicone layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.
