CSPKBTBASSPARTY

Wireless Bluetooth Party Speaker

The Conceptronic Wireless Party Speaker is a Bluetooth multimedia device which connects wirelessly to a Bluetooth mobile phone, PDA, laptop or PC. It is an ultra-large magnetic circuit high-sensitivity speaker with high penetrating power, low-frequency shock and perfect medium/high-frequency representation. With a shoulder strap to assist with carrying, the speaker will always get the party started wherever it might be. Supports microphone input and microphone input recording to act as your personal assistant for either party or business use. The speaker can also record your favorite FM radio or AUX sound source.
