Thule Atmos™ X3 - iPhone® 5/5s case

Thule Atmos™ X3
iPhone® 5/5s Case

TAIE-3121

Delivering a sleek silhouette with outstanding protective performance, the Thule Atmos X3 case establishes a new benchmark for superior protection in a case that doesn't add bulk to your iPhone.

Product Features:

1. Patent Pending bi-component Armor provides exceptional iPhone protection with minimal bulk
2. Shock-Stop corners give added impact protection where it's needed most
3. Function Plus buttons are precision engineered for easy use
4. Leading edge chamfers and angled screen perimeter bezel reduce perceived size in hand
5. Grippy inlay on front, back and sides of case for control during active use
6. Screen, power button, speakers and charging port are protected from impact and scratches.
7. Slip-resistant back stays put where you set it down.
8. Simple snap-on installation.
