WORKING IN HARMONY WITH YOUR SMARTPHONE

Mobile phone not included.

STARTAC® Bluetooth™

S2201 Digital Cordless Telephone
with Bluetooth® Wireless Technology

THE SMART PARTNERSHIP

Introducing the new S2201 DECT cordless telephone with Bluetooth wireless technology.

The Bluetooth feature allows you to wirelessly connect your mobile phone to the S2201 DECT cordless telephone and enjoy unique services and features.*

- Synchronise your mobile phonebook to the S2201 DECT handset, for seamless calling between your home phone and mobile phone. Up to 500 name and numbers can be supported.**
- Make and receive calls either over the fixed line or mobile network using the S2201 handset, allowing you to utilise and benefit from individual network calling packages which offer free minutes or free weekend calls.
- Create a stronger and more stable mobile signal around the home, by positioning the DECT base and mobile phone where the mobile signal is strongest.**

SYNCHRONISE YOUR CALLS

- Synchronise with your mobile phones Caller ID /Call Waiting information, so you can see who is calling your mobile from your S2201 DECT handset.
- Incoming call indication on your S2201 DECT handset to show when a call is received from the fixed line or mobile network.
- Register up to 7 mobile phones to the S2201 DECT base, only 1 mobile can be used at one time. When an 8th mobile is registered the oldest one will be cancelled.

** Mobile phone must be positioned within 10m of the S2201 base.*

*** Compatible Bluetooth mobile phone required. Not included.*
