4K Universal Docking Station USB 3.0, Single 4K or Dual HD Video

DOCK130USZ

Overview

Build a maximum resolution workstation with the Targus 4K Universal Docking Station. Designed to support multiple laptop platforms and brands, this dock offers connectivity to the latest 4K DisplayPort video technology. Power users streaming video or high resolution graphics can connect a 4K monitor for incredibly crisp, clear images at resolutions up to 3840 x 2160 x 30 fps. Perfect for tight spaces, elements like stacked ports and side access to power ports maximizes the small footprint. The non-slip, angled top surface creates a comfortable typing angle for the laptop. Truly universal, this dock plugs in to the laptop USB port to provide all the functionality of a fully loaded desktop workstation.

Features

- 1 DisplayPort port supports a single 4K monitor (up to 3840 x 2160 x 30 fps)
- 1 DVI-I and 1 DVI-D ports support dual monitors (up to 2048 x 1152 x 60 fps)
- 1 Gigabit Ethernet port for wired access at ultra-fast speeds
- 5 USB 3.0 SuperSpeed ports for the latest peripherals
- 1 USB 3.0 powered port for fast device charging
- 1 Audio In/Out port for mics, speakers and earphones
- Integrated Lock Slot accommodates security locks to safeguard equipment

- Universal compatibility with popular brands and operating systems
- Industry leading 3 Year Limited Warranty
