PHILIPS

Features

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventionnal bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Ultra long bulb life

Philips bulb included with an ultra long bulb life, up to 20.000 hours.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Dimmer on article

A dimmer is provided on the lamp itself, allowing you to simply adjust the light the way you want it to.

Aluminum

Highly contemporary, aluminum is a soft, durable, light-weighted material with a soft silver color.
