Highlights

Our perfectly clear LED bulb

Philips LED technology is continously developing and creating even better replacements for traditional light sources. This innovative LED bulb is the perfect replacement for clear incandescent light bulbs, while far surpassing them in terms of energy efficiency.

Warm white light (2700K)

Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more cozy light, while those with a higher Kelvin value produce a cool, more energizing light.

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

High color rendering (CRI>80)

The color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colors truly and naturally.

Smooth surface

Shaped in a familiar way, this LED bulb offers all of the most recent innovations while maintaining the look and feel of a traditional bulb.

No hazardous substances

Philips LED lights contain absolutely no hazardous materials, making them safe for any room and convenient to recycle.

Specifications

Bulb characteristics

- Shape: A-Shape
- Cap/fitting: B22
- Voltage: 220 - 240 V
- Dimmable: No
- Type: A60

Power consumption

- Wattage: 4.3 W
- Wattage equivalent: 40 W

Light characteristics

- Color temperature: 2700 K
- Light effect/finish: Warm White
- Color rendering index (CRI): 80
- Color: Warm White

Durability

- Lumen maintenance factor: 0.7

Other characteristics

- Power factor: 0.5
- Range: LED Classic

Rated values

- Rated power: 4.3 W
- Rated luminous flux: 470 lm
- Rated lifetime: 15000 hour(s)

Issue date 2017-05-25

Version: 4.0.1

12 NC: 9290 011 90519
EAN: 87 18696 53190 7
