

Philips
Recessed spot light

59510/31/16

The smart combination of light and design

Philips SmartSpot offers a smart lighting solution that complements the look of your home interior with fine design. The spot lights provide warm light in a range of minimalist recessed designs that blend seamlessly into any interior.

Benefits

Your home under the spot light
- Diffused warm white light

Sleek designed recessed spots
- Premium material, built to last
- Sleek and discreet designs
- Spot lighting designed for your interior

Sustainable light solutions
- Ultra long bulb life
- Saves up to 80% energy

Features

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

PHILIPS

Premium material

Philips SmartSpot lighting fixtures are constructed from high quality materials like die-cast aluminium.

Sleek and discreet designs

These modern lamps with recessed styles are sleek and discreet, and fit perfectly into ceilings with no jutting edges or awkward shapes to distract from the décor of your room.

Smart lighting solution

if you're after superb light quality and a smart lighting solution that complements the look of your home interior with fine design, try Philips SmartSpot spot lights. It provides a functional range of minimalist recessed designs that blend seamlessly into any interior.

Ultra long bulb life

Philips bulb included with an ultra long bulb life, up to 6.000 hours.

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventionnal bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Specifications
