High-quality light

- Warm white light 2,700 K

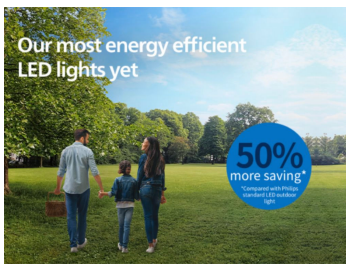

Highlights

Long lifetime up to 50,000 hours

Reliable high-quality LED light lasts up to 50,000 hours. You can rest easy knowing that you won't have to worry about maintenance for years, while enjoying the perfect garden light every night.

Ultra Efficient

Consumes at least 50% less energy compared to equivalent standard LED lights from Philips.

Up to 80% energy saving

LED lights save up to 80% energy compared to traditional lighting with the same light output. When you buy a Philips LED light, you start saving money straight away. For each light source that you replace with an LED light, you will see immediate returns with a lower energy bill.

5-year warranty on LED system

In addition to the standard 2-year warranty offered for this luminaire, Philips also offers a 5-year warranty on the LED system (the LED module and driver).

IP44 – weatherproof

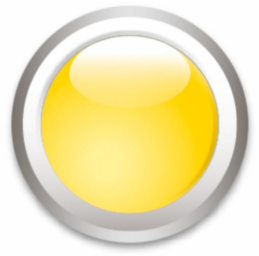

This Philips outdoor light is especially designed for humid outdoor environments and has been tested rigorously to ensure water resistance. Its IP44 rating means that it has been certified to offer ingress protection against dust and splashing water – perfect for general outdoor use.

Powerful light

This Philips outdoor luminaire provides powerful light. A bright pool of light to light up your garden or terrace.

Warm white light 2,700 K

Did you know that different shades of white light are identified by different colour temperatures, measured in Kelvin (K)? Lower colour temperatures produce a warm, cosy white light, while higher colour temperatures produce a cool, more energising white light. This luminaire produces warm, relaxing light at 2,700 K.

Specifications

Design and finishing
- Colour: Anthracite
- Material: Metal

Durability
- Nominal lifetime: 50,000

Environmental
- Disposal of the product: At the end of (economic) life, dispose of the product in accordance with local rules. Do not dispose of the product with regular household waste.
