AORUS

MECHANICAL KEYBOARD

THUNDER K3

TOURNAMENT EDITION

Brand Story

Inherited the legacy of an old breed of board games, we set on the journey.

Led and driven by the gaming nature in our blood, we made our way here.

As told by our great ancestors, victory, for generations, falls to those who are watched over by Horus.

The bravery and wisdom inherited by pharaohs for generations now revives with AORUS.

In faith, we make our way forward.
With passion, we refine our expertise.
Forget about the frustrations, but not your unfulfilled potentials.
The desire to outdo and push ourselves to the limit.
Victory is never the only goal.

Dedication distinguishes us.
Perseverance describes us.

Fight.
Conquer.
Challenge your embedded weakness.
Embark on a self-journey unfolded in the front.
Explore with AORUS.

Only through trials and tribulations will true gamer spirits be recognized.
Winning is an attitude, not an outcome.
Let there be games.

Join us on our journey.

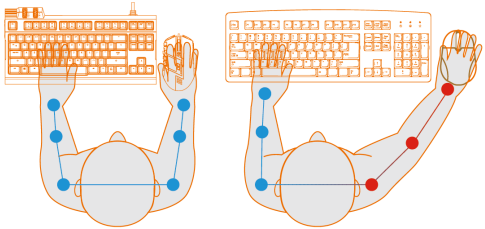
Please visit www.aorus.com for more information.

THUNDER K3

MECHANICAL KEYBOARD | TOURNAMENT EDITION

- Superior CHERRY MX mechanical key-switch
- Absolute anti-ghosting multi-key press capability
- Dynamic volume & backlit wheel control
- 18K gold-plated connector and cotton-braided cord

Born for eSports Tournament



❶ Ergonomic Compact layout with slim frame

Gaming oriented short body design provides more room and freedom to use mouse ergonomically.

❷ Heavy duty cotton-braided cord

AORUS cotton-braided cord is designed to withstand 5kg of pulling force for 1 minute to ensure the cable can sustain all the bending and pulling by gamer.

❸ Key caps with enhanced pulling capacity

To face the most relentless keystrokes made by pro-gamers in eSports Tournament, pulling capacity of key caps is stringently tested to ensure no keys would fall off during combat.
