

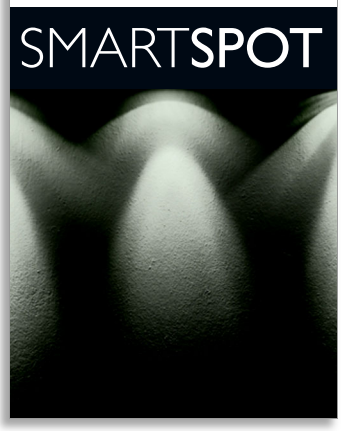
Philips SMARTSPOT
Recessed spot

3-set



57997/48/16

The smart combination of light and design

A small but solid puck spot that extends slightly from its flush die cast surround. Give it a pull and a twist and it comes free to be moved through 180 degrees for light in any direction.

Advanced LED light
- Warm white light effect
- High light output
- Dimmable
- Fabulous flexibility

Sleek designed recessed spots
- Sleek and discreet designs
- Premium material, built to last

Sustainable light solutions
- Extremely long life
- Saves up to 80% energy

PHILIPS

Recessed spot
3-set

579974816

Highlights

Dimmable

Adjustable light intensity with dimmer switch.This makes Philips SmartSpot ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room or offering functional light in corridors for example.

Extremely long life

Extreme long-life with reliable performance. Philips SmartSpot is based on high power LEDs that last up to 20,000 Hours, while providing their best light output.

Fabulous flexibility

Philips SmartSpot is an advanced light source that puts you in full control of your home lighting. Many pieces rotate freely, allowing you to direct the light to where you need it most.

High light output

High-quality light with strong light output (7.5 W provides 350 Lumen). The light shines in a beam angle of 40° - the perfect angle for spot lighting.

Premium material

SmartSpot is constructed from high quality materials like die-cast aluminium.

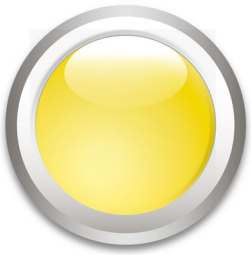
Saves up to 80% energy

Every SmartSpot conserves energy, helping you to save money on your electricity bills and do your bit for the environment.

Sleek and discreet designs

The modern recessed styles are sleek and discreet, and fit perfectly into ceilings with no jutting edges or awkward shapes to distract from the décor of your room.

Warm white light effect



Philips SmartSpot LED uses the very latest lighting technology with the new warm white state-of-the-art high power LEDs providing a beam of light with a colour temperature of 2700 Kelvin.

Specifications
