- Comfortable handle with texturing for easy grip
- Slim tip soleplate reaches easily in tricky areas
- Cord winder for easy cord storage

Full control
- Easy temperature control
- Temperature light indicates when the iron is hot enough

PHILIPS

Dry iron
2.0 kg 1200 W, 1.8 m cord length, Non-stick soleplate

GC186/86

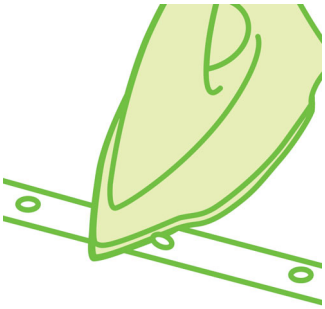
Highlights

Weight of the iron
The additional weight of the iron helps in achieving effective ironing results even on the tough garments.

Non stick soleplate

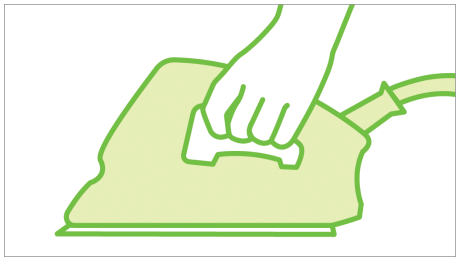
The soleplate of your Philips iron is coated with a special non-stick layer for easy gliding performance on all ironable garments.

Button groove



Button groove speeds up ironing along buttons and seams.

Comfortable handle



The texturing on the handle of the iron ensures a comfortable and ergonomic grip, so that your hand fits well and does not slip during ironing.

Slim tip soleplate

The slim tip of the soleplate allows to reach easily in the most tricky areas, such as between the buttons, when making pleats and in the corners.

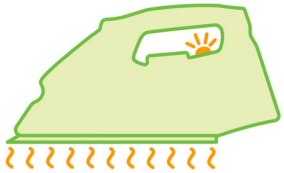
Easy storage

The cord can be wrapped around the heel rest, so that the appliance is easy to store.

Easy temperature control

An elevated temperature control is easy to operate and precise. You will always have the right temperature for your garment.

Temperature light-indicator



Temperature light goes on when the iron is heating up and goes off when the solepalte temperature has reached the set level.
