PHILIPS

Features

Double Active Calc System

Double Active Calc system of your Philips steam iron prevents scale build-up through anti scale pills and an easy to use calc clean function.

Auto Energy Saving

Automatic Energy Saving The innovative feature in the Philips steam iron, makes sure you get the 100% steam power to remove creases thoroughly. At the same time, it saves energy automatically, because it eliminates wasted steam.

Soft grip

The soft handgrip of this Philips iron allows for comfortable ironing even during longer sessions.

Up to 40 g/min of steam

Philips steam iron with continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Safety auto off

The iron shuts off automatically when left unattended. If it is left on it's heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Steam boost up to 160 g

The steam boost can be used for vertical steaming and tough creases.

Steam tip

The unique steam tip of this Philips iron, combines a particularly pointed front of the soleplate with special elongated steam slots in the tip, to reach right into the smallest and most difficult areas for the best ironing results.

Specifications

[field not found 'disclaimer_text']
