Jukebox

• 15GB*

HDD100/05

All my music on the go

Direct MP3 recording

Want all your music and data with you? The hdd100 promises the ultimate music experience of 10 hours of WMA and MP3 music playback, generous 15GB capacity and direct MP3 recording, all encased in a stylishly sleek and slim design.

Benefits

Easy, intuitive music experience on the go

• Simple and easy-to-use interface menus
• SuperScroll™ navigation finds songs in a simple, fast way

Capture all your favourite music

• Make voice memos in MP3
• Record directly to MP3 via analog or digital line-inputs
• Fast downloads from your PC via USB2.0

All your music, your data - on the go, every day

• 10 hours battery life
• 15GB* capacity for music and data on the go.
• USB mass storage to store and carry your data files
• Super-slim design fits perfectly in your pocket

Features

Easy-to-use interface menus

SuperScroll™ navigation

Double action search keys allow easy speed control when scrolling through large libraries. You can choose to move through your playlist one song at a time or just press and hold down a little harder to SuperScroll™ swiftly to your desired track.

PHILIPS

Direct MP3 voice memos

Sing, dictate and record notes directly to MP3 via the built-in microphone.

Direct MP3 recording

Record directly to MP3 via digital or analog line-in connections for real-time MP3 encoded files (No PC required).

Downloads via USB2.0

10 hrs battery life

15GB* capacity

USB mass storage device

USB mass storage devices offer a convenient way to save, backup and move your files around. The devices connect to your computer using a USB connection and do not require any special software to be installed (only Windows 98 and Me need drivers). The device automatically shows up as a removable drive in Windows Explorer allowing you to simply drag and drop files to and from the device.

Fits perfectly in your pocket
