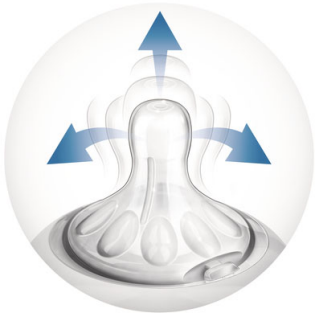
Highlights

Unique comfort petals



Petals inside the teat increase softness and flexibility without teat collapse. Your baby will enjoy a more comfortable and contented feed.

Advanced anti-colic valve

Innovative twin valve designed to reduce colic and discomfort by venting air into the bottle and not baby's tummy.

Cup is dishwasher safe

All parts are dishwasher safe for convenience

BPA-Free

This Philips Avent cup is made from BPA-free material.

Compatibility across the range

The new Philips Avent cup is compatible with the Philips Avent Natural and Classic+ bottle range (excluding the glass bottle) and all other Philips Avent cups (excluding the Natural Drinking Cup).

Ergonomically designed trainer

Trainer handles help your toddler hold the cup and drink independently. These handles are not only shaped for little hands to grab easily, they are also rubberised for a non-slip grip.
