Sandberg Thunderstorm Keyboard Nordic

Sandberg Thunderstorm Keyboard is a solid keyboard constructed on a metal plate. This gives you exactly the right weight, so the keyboard is firm and doesn't slip, just when your game requires maximum concentration and precision. Made in a unique thunderstorm design with lightning bolts through the keyboard and keys. You can even easily change the colour of the light at the touch of a button. Add the nylon-braided cable and cool USB connector and you have the complete gaming experience! Shortcut keys for volume, media playback etc. at the top of the keyboard.
