Marketing

Extended retailer text	Record video footage or photo footage any time you like without using your hands. Simply mount your GoPro or other type of action camera to the Chest Mount Harness and you are good to go. Perform any type of outdoor sports you like while recording hands-free. One size fits all: the harness is fully adjustable for a comfortable though secure fit.

Stable hands-free recording

Action cameras can easily be mounted to your chest by using this harness. This allows you to enjoy your outdoor sports to the fullest, while the J-hook buckle ensures a stable attachment of the camera, allowing you to record optimal footage. Next to the secure fit, the J-hook allows you to still adjust the angle of the camera in the exact way you want it to be.
