Standard sonic toothbrush heads
6-pack Standard size, Click-on, All-round cleaning

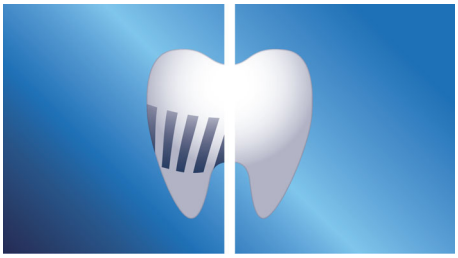
HX6016/26

Highlights

Optimised performance

This Philips Sonicare toothbrush head features a contoured profile to naturally fit the shape of your teeth and to clean hard-to-reach areas.

Removes up to 2x more plaque



This brush head removes up to 2 times more plaque than a manual toothbrush

Maximised sonic motion

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. Our unparalleled sonic technology fully extends the power from the handle all the way to the tip of the brush head. This sonic motion creates a dynamic fluid action that drives fluid deep between teeth and along the gum line for superior, yet gentle, cleaning every time.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

Better oral healthcare

Like all authentic Philips Sonicare-branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognise when it's time for a replacement. For optimal results, replace your brush head every three months.
