- Class of protection: III — safe extra low voltage

Service
- Warranty: 2 year(s)

Packaging dimensions and weight
- Height: 4.0 cm
- Length: 15 cm
- Width: 22 cm
- Weight: 0.096 kg

Miscellaneous
- Especially designed for: Functional
- Style: Expressive
- Type: Accessories

Highlights

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

On/off switch on article

With the button discreetly integrated into the lamp, you can easily switch the light on and off.

Lightweight and portable
Battery operated and lightweight, this portable lamp can be used anywhere in the home. Bring light to tricky-to-reach areas, such as dark corners, stairwells and passageways, or supplement the general illumination provided by overhead lighting. Works great as a reading, bedside or night light too, with a stylish design that complements any decor.

Convenience out of the box
Battery operation means no trailing cables to spoil your decor or for you to trip over. And since you don't need a power socket, you can place the lamp anywhere you need light. It's convenience straight out of the box.
