Accessories

ZenWatch2 Strap

A protective cover and stand for your ASUS ZenPad

Give your ASUS ZenPad the stylish protective cover it deserves. TriCover comes in four vibrant colors and exquisite textured finishes that let you express your personal style. Its carefully designed interior helps guard the screen against dust and scratches, while the tough polyurethane exterior thoroughly protects your tablet from the elements.

Exceptional performance and compatibility

ASUS Z Stylus features a slim and elegant design that feels natural in your hand. It employs a combination of unique firmware and tuning for exceptional performance and compatibility with ASUS tablets. Z Stylus utilizes special circuitry and a 1.2mm tip to ensure accurate and precise input when working with popular apps like E-Mail, Supernote, and other apps for hover function.

Its two buttons can be programmed for hover or erase functions; with Palm Rejection technology preventing accidental inputs. Z Stylus doesn't require a Bluetooth connection, and its single AAAA battery gives it up to 150 hours of use or 225 days of standby time. When not in use, the clip-on design secures it in your pocket or bag. Z Stylus comes with an additional durable tip, effectively doubling the lifespan of your stylus.

Z Stylus

Compatible with	ZenPad Z580C ZenPad Z300C
Dimensions	143.8 x 96 x 96 mm (WxDxH)
Weight	11.85g
Colour	Black: 90XB02WP-BTO000

Adapt, recharge, and go further

Technology keeps getting more compact and more convenient, but is still held back by the need to lug around a clunky power adapter to recharge devices. No more. Take power into your hands with a slim and compact adapter that works with almost every portable PC out there, plus takes in smartphones and tablets thanks to a dedicated USB charging point. Just drop it in your bag or even pocket and get going – no need to carry anything else, as power is always within easy reach.

Tablet not included

Show your true colour

Tough but very tactile materials allow the cover to safeguard MeMO without adding weight or bulk, and feel great in the hand. Want to watch movies and get typing? Sure thing, dual stance transformation supports both – prop and place MeMO on a flat surface, and the cover turns it into a small TV and ergonomic keyboard. The TransCover is also available in Black, Pink or Green, so go on, show your true colour.

Discover the joy and comfort of a dedicated touchpad

Enjoy the tactile and satisfying feel of a truly precise and sturdy touchpad that's custom-designed for Windows 8. Offering a wide range of high-fidelity gestures to accommodate the features of the new operating system, the big touchpad presents a much larger surface area than traditional notebook touchpads. Its wireless and completely dedicated design means you can carry it, hold it, and place it pretty much anywhere. Battery saving and ergonomic, the external touchpad brings an extra exciting input option for your greater convenience.

Cover and wireless keyboard in one!

It's a wonder of technology in a stylish accessory made especially for your tablet, keeping it protected and adding to its versatility. While exceedingly thin and light, it manages to incorporate a full wireless Bluetooth v3.0 keyboard, with a foldable multi-stance build. Set it up for comfortable typing or video watching, as it takes up little space and attaches to your tablet with a magnetic snap – no awkward straps or rubber bands needed! Plus, as always ASUS employs the finest materials to ensure tough endurance and resistance to damage as well as the elements. You can find more details from datasheet and sales kit.

Folio Key 2
