Sustainable light solutions
- Warm white light
- Philips bulb always included
- Energy saving

Special characteristics
- On/off switch on article

PHILIPS

Features

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Maximum brightness

This Philips desk lamp is designed specifically for desk-based activities like doing homework or browsing the news on the laptop. When you switch it on it immediately provides just the right brightness for maximum comfort.

On/off switch on article

With the button discreetly integrated into the lamp, you can easily switch the light on and off.

Perfect for task lighting

This Philips desk lamp casts bundled light that provides even illumination of the working area.
