- Maximum brightness to light up your workspace

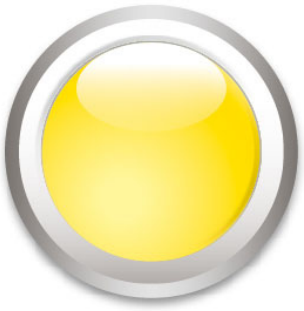
### Sustainable light solutions
- Energy saving
- Warm white light
- Philips bulb always included

### Special characteristics
- On/off switch on article
- Adjustable free-swing arm

PHILIPS

# Highlights

### Warm white light



Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

### Adjustable free-swing arm

Adjustable free-swing arm to direct the light where needed.

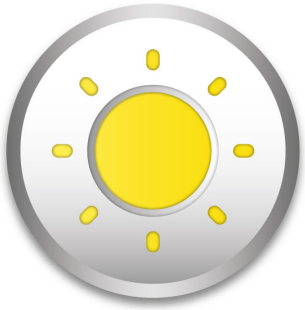
### Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

### Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

### Maximum brightness



This Philips desk lamp is designed specifically for desk-based activities like doing homework or browsing the news on the laptop. When you switch it on it immediately provides just the right brightness for maximum comfort.

### On/off switch on article

With the button discreetly integrated into the lamp, you can easily switch the light on and off.

### Perfect for task lighting

This Philips desk lamp casts bundled light that provides even illumination of the working area.

# Specifications
