Philips EasyPro Expert
Bagless vacuum cleaner

1400 W
PowerCyclone 6
5 accessories

FC5835/81

Full performance. Strong dust pick-up.

With PowerCyclone 6 and TriActive nozzle

Our new EasyPro Expert cleans deeply with minimal effort. With superior PowerCyclone 6 and air-dust separation, for strong suction for longer. You'll clean efficiently, thanks to our high-performance TriActive nozzle and accessories.

Exceptional performance
- PowerCyclone 6 for exceptional dust and air separation
- Powerful 1400 W Watt motor for excellent cleaning results
- The TriActive nozzle applies 3 cleaning actions in one go
- Air-powered super turbo brush for thorough cleaning
- EPA10 filter for healthy air

Effortless cleaning
- PowerControl function for extra power when you need it
- Extra handle for easy carrying
- Advanced dust container design for easy emptying
- Integrated brush on handgrip for extra convenience
- Crevice tool help you to clean narrow spaces

Care for you and your home
- Soft noise for enjoyable cleaning experience
- Big rubber wheels for protection of your floors

PHILIPS

Bagless vacuum cleaner
1400 W PowerCyclone 6, 5 accessories

FC5835/81

Highlights

PowerCyclone 6

The aerodynamic design of PowerCyclone 6 minimizes air resistance and ensures exceptional cleaning performance through 3 highly efficient steps: 1)Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber. 3) At the top of the cyclone, the exit blades effectively cut out the dust from the air.

1400 W motor

The 1400 Watt motor generates max 300Watt suction power for high performance.

TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It picks up the dust and dirt closely alongside furniture and walls with its left and right side air channels.

Air-powered Super turbo brush

Air-powered Super turbo brush allows deep cleaning by using the rotating brush to actively removes small dust particles and hairs, resulting in a better cleaning performance on both carpets and hard floors.

EPA filter system

The pleated EPA filter has a large surface and good filtration performance. It can catches small dust particles and in combination with the cyclonic flow, this prevents the filter from clogging fast and gives you better and longer-lasting filtration results.

PowerControl function

You can adjust the suction power with the turning wheel. Turn to the maximum for extra power when you need it.

Extra handle

Extra handle for easy carrying

Easy to empty dust container

The dust container is perfectly designed to dispose dust without creating a dust cloud. Thanks to its unique shape and smooth surface, dust is collected at one side of the container and evenly glides into the dust bin.

Integrated brush

A tool always at hand for cleaning furnitures and small spaces.

Specifications

Performance
- Input power (IEC): 1400 W
- Sound power level: 82 dB
- Suction power (max): 300 W

Usability
- Action radius: 7.6 m
- Carrying handle: Top and front
- Cord length: 5 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Electronic on appliance

Design
- Color: Metallic Violet

Filtration
- Dust capacity: 1.5 L
- Exhaust filter: EPA 10 filter
- Filter system: Cyclonic

Nozzles and accessories
- Accessories included: Crevice tool, Small nozzle, Integrated brush
- Additional nozzle: Super Turbo Brush Nozzle
- Standard nozzle: TriActive nozzle
