- Safe on orthodontics, dental work and veneers

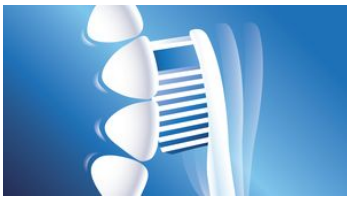
PHILIPS

## Features

### Helps reduce cavities

Provides better plaque removal and access to back teeth; brushing twice a day every day with this brush can help reduce cavities

### Better access to back teeth



Slim, angled brush head provides better access to back teeth and hard-to-reach places

### Up to 7x better plaque removal

Removes up to 7x more plaque than a manual toothbrush for a superior clean

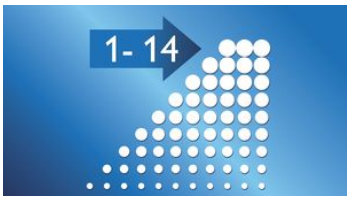
### Better in hard-to-reach areas

The slim, angled neck and easy-grip handle of this toothbrush helps with better cleaning in hard-to-reach areas than a manual toothbrush

### Sonic technology

Our sonic technology creates a unique dynamic cleaning action that drives fluid deep between teeth and along the gumline for a thorough-yet-gentle clean

### EasyStart



The EasyStart feature adjusts the power level of the toothbrush over the first 14 uses to help you get used to the Sonicare experience, streamlining the transition from a manual toothbrush

### Safe and gentle

The gentle motion of this Philips Sonicare power toothbrush is safe for dental work, including orthodontics, implants and veneers, so you can brush without worry.

### SmarTimer

This Philips Sonicare power toothbrush features a special SmarTimer to help you meet the dentist-recommended brushing time of two minutes
