Stylish design, compact size

See-through design helps you boil what you need

Your Philips kettle is designed to be fully protected and sealed. It is completely free from steam or water dripping.

Easy to experience
- Compact design to boil only the water you need
- Translucent water level indicator
- Cordless 360° pirouette base for easy lifting and placing
- Power cord winder for easy storage

Easy to clean
- Removable lid and wide opening for easy cleaning
- Micro-mesh filter for a clear cup of water
- Flat heating elements for fast boiling and easy cleaning

Safe to use
- Steam leak-proof design for lid, handle and switch
- Multiple safety system against boil-dry

PHILIPS

Kettle
1.0 L, 2000W plastic, Star white & Caribbean blue, Kettle

HD9344/14

Highlights

Comapct design

Enables you to boil the amount of water you need in a quicker way, whilst occupying less space from your countertop.

Translucent body

The water level is easy to read from every angle thanks to the translucent body. The stylish stripes smartly indicate the exact water amount, as every stripe represents an additional cup (250ml) of water.

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.

Power cord winder

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Removable lid

Your hand can fit easily to clean the kettle thanks to the fully removable lid and wide opening.

Micro-mesh filter

The removable fine micro-mesh filter on the spout restrains all scale particles with size > 180 micron and ensures that the water you put into your cup is clean.

Flat heating element

The stainless steel concealed element ensures fast boiling and easy cleaning.

Steam leak-proof design

The lid, handle and switch are completely steam proof for maximum safety.

Multiple safety system

The kettle shuts off automatically when the water is ready, when it is lifted from the base or when there is too little water.
