Philips
S-video/stereo audio cable

1.5 m

SWV5555

Create a superior viewing experience

with this audio/video cable

Experience a new level of viewing while transferring audio/video signals between your components. Superior construction delivers improved picture and sound performance.

Enjoy better picture quality
- 24 carat gold-plated connectors optimise signal

Enjoy better audio quality
- Stranded conductor extends durability
- 4-Cut connectors for secure connections

Protects against signal loss
- 100% aluminium shielding
- Oxygen-free copper conductor for ideal signal transfer
- Copper-braided reinforced aluminium shielding

Easy installation
- Colour-coded connectors for instant recognition
- Plug and play for easy use

Enjoy extended durability
- Super pliable jackets for outstanding flexibility

Product highlights

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.

Stranded conductor
The stranded wire evenly distributes stress so no single area is overburdened. It provides more flexibility for easier positioning.

4-Cut connectors
4-Cut connectors ensure secure connections between your component and your cable.

100% aluminium shielding
This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Twisted high-purity OFC
This oxygen-free copper conductor provides the highest accuracy in signal transfer with minimal resistance.

Braided shielding
Copper-braided reinforced aluminium shielding protects against signal loss and interference.

Colour-coded connectors
Colour-coded connections make it easy to install your cable into the correct inputs and outputs

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Super pliable jackets
Super pliable PVC jackets are abrasion-resistant for outstanding flexibility and protection against everyday wear and tear.
