Scart cable

3.0 m

SWV5525

Create a superior viewing experience

with this audio/video cable

Experience a new level of viewing while transferring audio/video signals between your components. Superior construction delivers improved picture and sound performance.

Enjoy better picture quality
- 24 carat gold-plated connectors optimise signal

Enjoy better audio quality
- 4-Cut connectors for secure connections

Protects against signal loss
- 100% aluminium shielding
- Oxygen-free copper conductor for ideal signal transfer
- Copper-braided reinforced aluminium shielding
- Foam Polyethylene (FPE) Dielectric

Easy installation
- Non-slip ergonomic grip for easy use
- Plug and play for easy use

Product highlights

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.

4-Cut connectors
4-Cut connectors ensure secure connections between your component and your cable.

100% aluminium shielding
This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Twisted high-purity OFC
This oxygen-free copper conductor provides the highest accuracy in signal transfer with minimal resistance.

Braided shielding
Copper-braided reinforced aluminium shielding protects against signal loss and interference.

FPE Dielectric
Foam Polyethylene (FPE) dielectric is a superior insulation material that protects against signal loss.

Easy grip
This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.
