PHILIPS

Steam generator iron
Max 4.5 bar pump pressure 170 g steam boost, 1.7 L fixed water tank

GC7015/21

Highlights

OptimalTEMP technology

"Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Compact ProVelocity steam engine delivers more steam for ironing faster. It enables compact design of your steam genreator for easier storage"

Energy saving

By using the ECO mode, with reduced amount of steam, you can save energy without compromising on the ironing results. For faster ironing, switch to Turbo mode, which generates more steam.

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

Smart Calc Clean system

Smart Calc Clean system is an intergrated descaling and cleaning fuction to protect your steam generator iron. After each about 10 hour ironing, you will be reminded by the soud and light of your steam genreator iron to perform calc clean process. The Calc Clean Container will provide you the convenience during the Calc Clean process, by just resting your iron on the container without holding your iron to stress your waist. After cleaning process, all the dirty water is collected in the container, your steam generator iron is ready to use again.

Specifications

Accessories
- Calc Clean container

Calc management
- Suitable for tap water
- Calc clean reminder
- Calc clean solution: Smart Calc Clean

Easy to use
- Heat up time: 2 min
- Refill any time
- Safe for all fabrics: Even for delicates like silks
- Water tank capacity: 1700 ml
- Filling and emptying water: Extra large filling hole
- Power cord length: 1.8 m
- Cord storage: Cord clip
- Hose length: 1.6 m
- Hose storage: Hose storage compartment
- Open handle

Fast & powerful crease removal
- OptimalTEMP technology
- Continuous steam output: 110 g/min
- Steam boost: 170 g
- Soleplate: SteamGlide
- Safe rest
- Variable steam settings
- Vertical steaming
- Turbo steam
- Steam tip
- Power: 2400 W
- Pressure: Max 4.5 bar pump pressure

Sustainability
- Energy saving mode
- User manual: 100% recycled paper

Technical specifications
- Voltage: 220 - 240 V

Weight and dimensions
- Packaging dimensions (WxHxL): 42.7 x 23.8 x 33.5 cm
- Product dimensions (WxHxL): 32.2 x 19.4 x 23.6 cm
- Weight of iron: 1.24 kg
- Weight of iron + base: 4.1 kg

Service
- 2-year worldwide guarantee
