

Philips
Recessed spot light

59910/17/16

Freshen up with beautiful natural light

With a hot name and cool looks, the Philips myBathroom Thermal recessed spot light defines style. Rated IP44 for moisture resistance, this lamp filters the brilliant light into an even, skin-tone-accurate glow while illuminating the room.

Benefits

Designed for your bathroom
- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions
- Warm white light
- The perfect light beam for accent lighting
- Philips bulb always included
- Adjustable light intensity with dimmer switch
- Energy saving

Features

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while

PHILIPS

those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Accent lighting

This Philips spot light has the perfect light beam for accent lighting. With bundled light you can emphasise any detail or feature in your interior.

Philips bulb always included

High-quality Philips EcoHalo energy-efficient light bulbs are included in the box for achieving the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included).This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.
