
Philips PixelPop
wireless portable speaker

Bluetooth®
Splash proof
By-packed strap
8hrs, rechargeable battery

BT110A

Small size, big bass

This compact BT110 has all the acoustic essentials that normally come only with a big speaker. That's why it sounds clear and loud with surprising good bass. Oh, it's also splash-proof and has a strap. It's ready for anyplace and anytime.

Impressive sound
- Advanced audio performance with a compact design
- Passive radiator for better low frequency performance
- Anti-clipping function for loud, distortion free music

Simplicity in use
- Wireless music streaming via Bluetooth
- Built-in microphone for hands-free phone calls
- Audio-in for easy connection to almost any electronic device

Designed for grab and go
- Built-in rechargeable battery for music playback anywhere
- Splash-proof design ideal for outdoor use (IPX4)
- Carry it anywhere with the by-packed finely knitted strap

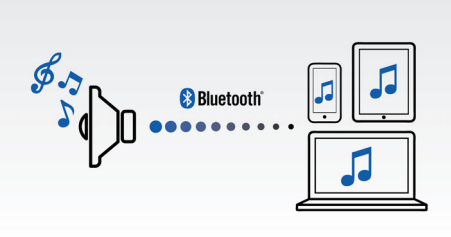
PHILIPS

wireless portable speaker
Bluetooth® Splash proof, By-packed strap, 8hrs, rechargeable battery

BT110A/93

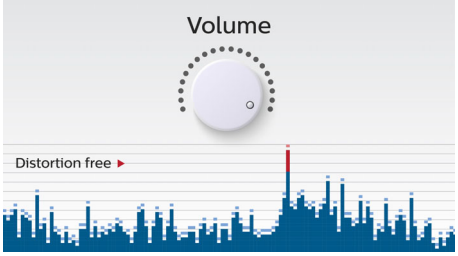
Highlights

Wireless music streaming



Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

Anti-clipping function



Anti-Clipping lets you play music louder and keeps it high quality, even when the battery is low. It accepts a range of input signals, from 300mV to 1000mV and keeps your speakers safe from damage by distortion. This built-in function monitors the musical signal as it goes through the amplifier and keeps peaks within the amplifier's range, preventing the audio distortion caused by clipping without affecting loudness. A portable speaker's ability to reproduce musical peaks decreases along with battery power, yet anti-clipping reduces peaks caused by low battery, keeping music distortion free.

Splash-proof design

Water-resistant design allows enjoyment in wet and rainy environments. Tested to stringent IPX4 standards, internal components are proven to be protected from exposure to the elements, making music enjoyment indoors in the bathroom, kitchen or even outdoors whatever the weather.

by-packed finely knitted strap

Our by-packed strap is made of a vibrant and finely knitted fabric sleeve making it stylish enough to be a fashion accessory.

Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

Audio-in

Audio-in for easy connection to almost any electronic device

Specifications

Compatibility

- iPad: iPad 1, iPad 2, new iPad, iPad mini, iPad with Retina display
- iPhone: iPhone 3, iPhone 3GS, iPhone 4, iPhone 4S, iPhone 5, iPhone 5C, iPhone 5S, iPhone 6, iPhone 6 Plus, iPhone 6S
