- Compact 3-in-1 setup saves countertop space
- Ice and pulse functions for chopping and crushing
- Stylish design to fit your kitchen

Highlights

Up to 200% faster juicing

This food processor is the first to offer you a professional juicing accessory. Thanks to its extra large feeding tube and patented large metal mesh filter, it can juice up to 200% faster compared with other food processor juicers. And thanks to its ergonomic design, it is quicker to clean and store.

Patented micromesh filter

The patented micromesh filter made of stainless steel squeezes every drop to give you more juice.

30+ functions

The dishwasher-safe accessories are: a kneading tool for mixing batter and for heavy kneading; A stainless steel chopping knife to prepare meat and vegetables; Two metal disks to handle medium and fine shredding and grating; Break-resistant blender of 1.5 L for blending, crushing and stirring different ingredients; A citrus press for pressing citrus fruits; And a balloon beater for whipping and whisking and handling light batter.

Adjustable slicing blade

With the adjustable slicing blade, you can make slices as thin as 1 mm and up to 7 mm thick.

1000 W motor

With the powerful 1000 W motor of this Philips food processor, you can adjust speed precisely to get desired results.

XL feeding tube

The XL feeding tube takes whole items of fruits and vegetables so you don't need to pre-cut them any more.

XL 3.4 L bowl

The XL bowl allows for maximum volumes to be processed in one go: capacity for 2 l soup, 1.7 kg dough, 7 egg whites.

Compact 3-in-1 setup

Compact 3-in-1 setup fits juice extractor, blender or bowl so uses up a minimum of space on your countertop.

Ice and pulse functions
