KEYSONIC **KSK-3220BT**
Super Mini Bluetooth 3.0 keyboard

All in one

The compact keyboard comes with an equally compact touchpad. The KSK-3220BT has two mouse buttons for right and left click and Win 8 gesture support for writing comfort and flexibility. It is particularly noticeable that it is already supplied with a stand for tablets or smartphones.

Not to underestimate

Despite its compactness, the keyboard has most function of a conventional keyboard. Our KSK-3220BT is especially easy to connect via Bluetooth. The LEDs tell you the status of your connection to an Android, iOS or Windows device.

Keyboard to go

Thanks to the folding mechanism, the KSK-3220BT can be stowed very space-saving. It easily finds space in each pocket and is always only one fold away from the next session. The ingenious mechanism allows the keyboard to be swiftly unfolded and the integrated magnet ensures good cohesion when folded.
