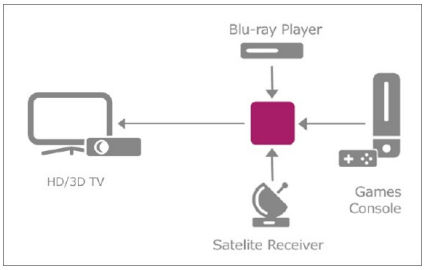
ICY BOX **IB-SW3011**
HDMI® smart switch



4x High Speed HDMI®

3 in, 1 out, useful for e.g. a projector that only has one HDMI output. Thanks to 4K@60 Hz and HDCP 2.2 support all channels don't interfere with Gaming and cinematic experiences.

Smart information

The two color front LEDs always inform about the current status, whether it is no input signal, channel not selected or channel selected.

Choosing how to choose

Whether the channel is automatically selected by turning the connected device on, or manually with the switch button at the IB-SW3011, or comfortably with the remote, that choice is totally up to the User.
