- Protects your system against limescale build-up
- Perfect decalcification for a prolonged machine lifetime

1 descaling cycle, 250 ml, reduces limescale

CA6700/00

Highlights

Better taste and aroma

Regular maintenance of your espresso machine ensures the best taste and aroma from your Saeco espresso machine

Coffee temperature

The decalcifier removes limescale residues in the water cycle that would absorb heat from the boiler, therefore lowering your coffee temperature.

Exclusive formula

The exclusive formula of the Philips Saeco espresso machine decalcifier ensures thorough decalcification without harming the delicate parts inside your appliance.

Reduces limescale build-up

Limescale is a natural part of water used for the machine's operation. This special decalcifier protects your appliance from the build-up of limescale which affects performance and taste. It is highly effective, safe and easy to use.

Special espresso decalcifier

The Philips Saeco decalcifier cleans all of the water circuits in your espresso machine
