- Maximum brightness to light up your workspace

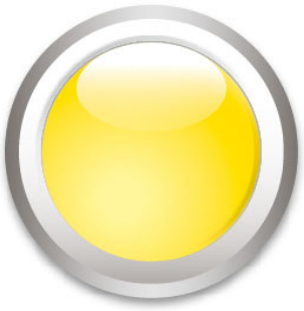
Sustainable light solutions
- Energy saving
- Warm white light
- Always a Philips bulb included

Special characteristics
- On/off switch on article
- Flexible arm

PHILIPS

Highlights

Warm white light



Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Always a Philips bulb included

High quality Philips EcoLamp energy efficient light bulbs are included in the box to achieve the best light effect.

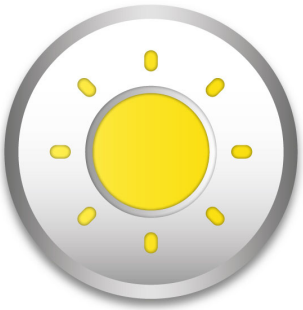
Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Flexible arm

Flexible arm

Maximum brightness



This Philips desk lamp is designed specifically for desk-based activities like doing homework or browsing the news on the laptop. When you switch it on it immediately provides just the right brightness for maximum comfort.

On/off switch on article

With the button discreetly integrated onto the lamp, you can easily switch the light on and off.

Perfect for task lighting

This Philips desk lamp casts bundled light that provides even illumination on the working area.
