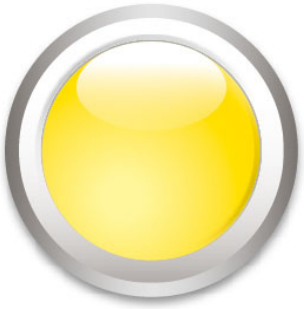
Highlights

Warm white light



Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Adjustable height

This Philips pendant light is delivered with long cables to offer you a maximum flexibility during and after installation. Choose the perfect height matching your needs.

Always a Philips bulb included

High quality Philips light bulbs are included in the box to achieve the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included).This makes this light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
