WMF KULT X Mono Induction hob

Mobile cooking enjoyment for indoors and outdoors.

For everybody who wants the maximum amount of flexibility when boiling, frying, cooking food or for keeping food warm. You can cook right by the table with friends, whether you're on the balcony or the terrace, on a camping trip or at the office. The space-saving induction hob is so powerful that it gets to the temperature you want just as fast as cooking with gas. Just place the pot or frying pan on the induction hob – and choose eight power settings or six pre-set programmes via the touch display. Nothing can get burnt, even with the booster function for quick heating. And if something ever boils over, the glass ceramic surface is very easy to clean.

Product highlights:

- Mobile induction hob, perfect for small kitchens, outdoors on the balcony or patio and for on the go (e.g. camping). Also perfect for cooking directly at the table or keeping food warm
- Warm, heat or cook food quickly and efficiently with the mono induction hob
- Cooking on induction is faster than electric hobs and just as quick as with gas
- 8 power levels, easy to adjust using Slide Control
- 6 practical direct selection programmes: -Warming - keep food warm at serving temperature: -Warm milk - warm milk or melt chocolate -Simmer - cooking in hot water below boiling point -Steam cooking -Frying - quick frying meat -Booster function - maximum power for quick heating
- Timer function with digital display
- For pans of up to 280 mm
- Glass ceramic surface
- Touch display for simple control at the touch of a button
- Space-saving, low-height design
