Set your desired ambience at your fingertips

With just a few simple clicks on the remote control, the Philips LED All-in-one ceiling light gives you the ultimate flexibility and convenience to personalise your light settings with ease. Comfortable light that's easy on your eyes. Create the desired ambience with lights that know your needs.

Easy to experience
- Easy installation

Light effect
- SceneSwitch colour change
- Uniform light distribution

Premium quality
- EyeComfort – light that's easy on the eyes

Control
- Convenient brightness control-step dimming function (remote control included)

Highlights

Easy installation
No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

SceneSwitch colour change
SceneSwitch Colour Change lets you set the overall mood of a living space at home. Stay focused with cool daylight, be more productive with cool white light or wind down and relax with warm white light. In essence, consumers can control the lights in their home according to their daily activities.

Uniform light distribution
Throw light across your rooms in an even and uniform manner.

EyeComfort
Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, colour rendition and dimming effects to ensure they
meet EyeComfort requirements. Philips LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output and colour for more than a decade. Switch to light that's easy on your eyes. Your eyes will thank you.

Convenient brightness control-step dimming function (remote control included)
Shift between different levels of brightness to match your mood or activity.
