Highlights

Ultra soft & Flexible Shield

The patented FlexiFit shield technology makes the Soft pacifier extra friendly to baby's delicate skin.

Less skinmarks and irritation*
A perfect fit designed to reduce irritation and skin marks thanks to its flexible shield and extra soft texture.

Rounded shield
The rounded edges of the shield and airholes help to minimize the pressure on your baby's skin while suckling.

Extra airflow
The 6 airholes allow your baby's delicate skin to breathe.

Soft textured shield
The uniquely designed shield has an ultra soft texture which provides extra comfort when in contact with your baby's skin.

Orthodontic nipple

Orthodontic, symmetrical soft silicone nipple designed for natural oral development.

Soft & silky nipple
With extra soft textured tip for suckling comfort.

Sterilisation & carrying case

The Philips Avent ultra soft pacifier comes with a steriliser/carrying case. This allows you to sterilise your baby's pacifier in the microwave, and carry it hygienically with you.

Easy to use sterilising case
Add 0,25ml/0,9fl.oz. water to the case, add the firmly rinsed Philips Avent ultra soft pacifiers, microwave for 3 minutes at 750-1000 WATT, allow to cool for 5 minutes, poor water out the case and done!
