Decorate your home with light

The Philips myLiving Denim LED wall and ceiling light can be used on both ceilings and walls. Made to save more energy than other lights, the nickel light also has a long operating life, making it a valuable addition to your home.

Sustainable light solutions

- Energy saving
- High quality LED light
- Warm white light
- Philips offers a 5-year warranty on the LED module and driver

Special characteristics

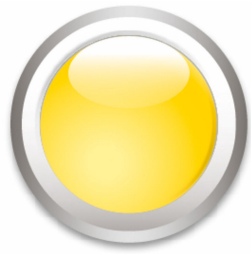
- Suitable for wall and ceiling installation

Highlights

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Warm white light



Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

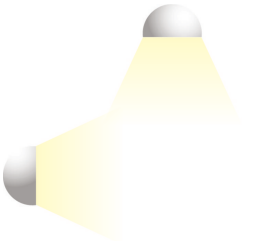
5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Wall and ceiling installation



Install this lamp as a wall light or ceiling light, just the way you like it.

Specifications

Design and finishing
- Colour: white
- Material: synthetics
