

Professional Desktop Charging Cabinet

14 Bays, Provides up to 21.6 A of Power, Metal Housing, Wallmountable, Sliding and Adjustable Shelf

Part No.: 714778

Keep your portable devices fully powered and secure.

Tablets place heavy demands on their batteries for power, but the Intellinet Professional Desktop Charging Cabinet can help keep your tablets and other devices charged and ready to go. The Charging Cabinet plugs into any standard wall outlet and accommodates different-sized USB chargers for rapid charging for your portable devices via 14 AC outlets. It is ideal for use in schools, government offices, corporate offices, hospitality businesses and any other type of business or organization that uses a large number of tablets to get things done. It features 14 bays for securing all tablets — with cases — and its convenient in-shelf cable management keeps the shelf clean and clutter free. Plus, this charging cabinet comes with built-in wall mounting holes and rubber feet to fit any application.

Features:

- Securely stores and charges up to 14 devices — massive 39 x 24.5 x 2.3 cm (15 x 10 x 1 in.) device bays are compatible with iPads, Chromebooks, Ultrabooks, Netbooks, MacBooks, tablets and more
- Fourteen AC outlets accommodate large charging adapters and adjustable PDUs with forward- or backward-facing outlets offer convenient power management
- One sliding, height-adjustable shelf — at 0.75-inch increments — with removable dividers and built-in cable management
- One sliding, adjustable shelf with removable dividers and built-in cable management
- Fully assembled, steel construction
- UL-certified switches, outlets and power cords
- Built-in wall-mounting holes and four rubber feet for desktop use
- Two lockable doors with two keys
