

# MEDION® ERAZER® X57 Design
# High-End-Gaming PC

## Most powerful performance for gaming at the highest level

The X57 has the full package to satisfy the heart's desire of any gamer. Consummate high-end technology in a racy and modern design. The different light modes add the final flourish to the ultimate gamer look.

### Welcome to (virtual) reality!

One of the biggest digital turning points of the upcoming years is close at hand: VR headsets will change the way we watch movies and play games in a ground-breaking, revolutionary way. With NVIDIA® GeForce graphics cards of the GTX 970 series and above, you are perfectly prepared: They feature massive performance reserves to handle the high hardware demands of VR.

### Modern design for gamers

The futuristic shape and the subtle use of colours give this gaming notebook the stylish and modern design it deserves.

### Overclocking

Overclocking makes it possible to get the most out of your processor. You can use the full power of your system and enjoy maximum performance.

### Illuminated and flexible Housing

LED lightning of the ventilation slots and removable dust filters on front and bottom of the case
