

Philips

Ceiling light

- Spruce
- matt chrome
- LED

30942/17/16

Decorate your home with light

The Philips myLiving Spruce LED ceiling light is a light of many talents. The high-quality aluminium light is warm and diffused when it is mounted on wall or ceiling. Its energy efficiency and lasting performance just add to its charm.

Benefits

Sustainable light solutions

- High quality LED light
- Warm white light
- Energy saving
- Long operating life of up to 15 years

Features

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

PHILIPS

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 15,000 hours (which equals 15 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Specifications
