Benefits

Superior purification

• Removes 99.97% of airborne allergens

Long-lasting performance

• As long as 24 months lifetime

Features

Superior performance

Philips NanoProtect S3 filter is made of high quality material. It can remove 99.97% of airborne allergens and ultrafine particles as small as 0.003 um, including harmful particles, bacteria and viruses. The high grade filter with firm and stable structure ensures all the air flows through the filter and delivers high filtration efficiency.

PHILIPS

Long-lasting performance

Philips NanoProtect S3 filter has multiple optimized pleats. This covers an unfolded area of about 2.44 m2 to ensure a long lifetime.
