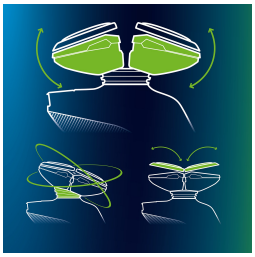
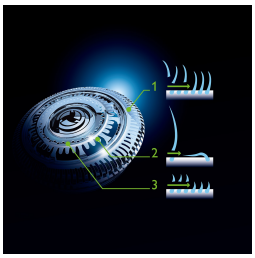
Highlights

GyroFlex 3D Shaver



GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

UltraTrack Shaver Heads

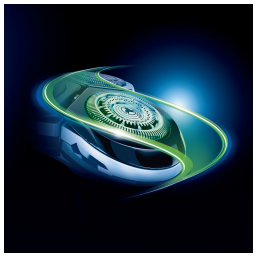


Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

Super Lift & Cut Action

The dual blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

SkinGlide



The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close easy shave.

Multi-level display

The multi-level LED display shows when the battery is low, when you need a new head and when the travel lock is on.

Aquatec

The Aquatec wet & dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

Click-on cleansing brush pro

Longer lasting oil control than manual cleansing*. Simply click on the brush and give your skin a 1 minute deep clean, helping to deeply cleanse any oil. The brush can be used in combination with your own cleansing product.

Precision trimmer

The unique skin friendly precision trimmer system is built to avoid unneccessary skin contact. Easy to use for perfect moustache and sideburn trimming.
