

Philips
Bagless vacuum cleaner with PowerCyclone 5 Technology

1600 W
PowerCyclone 5
Multi Clean nozzle
Remote control, Animal+

FC9516/81

Higher suction power* with PowerCyclone 5

Compact, yet powerful

The new Philips compact, bagless vacuum cleaner delivers strong suction power with remarkable cleaning results, thanks to PowerCyclone 5 technology and TriActive nozzle. The dust container is designed for a hygienic emptying.

Remarkable cleaning results
- 1600 W motor for strong suction power
- PowerCyclone 5 technology separates dust and air in one go
- The TriActive nozzle applies 3 cleaning actions in one go
- Turbo Brush nozzle removes 25% more hairs and dust

Effortless cleaning
- ActiveLock couplings to easily adjust to each cleaning task
- Soft brush integrated into handle, always ready to use
- Remote control for no bend, with IR wireless technology
- Light weight and compact, giving you the freedom to move
- Large rubber wheels for better motion control

Clean air filter system
- EPA10 filter for healthy air

Highlights

1600 Watt motor

1600 W motor generates strong suction power for excellent cleaning results.

PowerCyclone 5 Technology

PowerCyclone 5 technology maximizes airflow and performance by separating dirt from air in one go. It delivers remarkable cleaning results through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the air inlet design. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust from the air. 3) The optimized exit blades separate dirt from the cyclone and into the dust bucket.

TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It picks up the dust and dirt closely alongside furniture and walls with its left and right side air channels.

Turbo Brush nozzle

The Turbo Brush nozzle allows deep cleaning of carpets and quick hair and fluff removal from carpets. The rotating brush actively removes small dust particles and hairs, resulting in a 25% better cleaning performance on carpets. The wheels of the nozzle prevent damage in case of use on hard-floors.

ActiveLock couplings

The ActiveLock couplings allow you to easily connect and disconnect the different nozzles and accessories from the telescopic tube while cleaning.

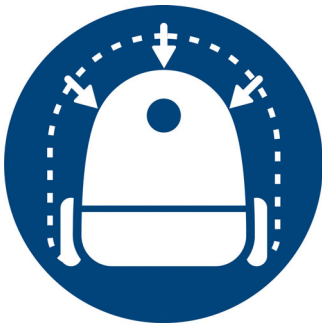
Integrated soft brush

The vacuum cleaner is designed with a soft dusting brush, which is coveninently integrated in the handle of the appliance, always ready to use.

Remote control

With the new remote control feature, you can switch the vacuum cleaner on/off or adjust the suction power settings without returning to the canister and interrupting your cleaning. The control buttons are conveniently located on the handle and the signals are sent to the canister via Infrared wireless technology. For a more comfortable and easier cleaning!

Light weight and compact



You can easily carry and roll the vacuum cleaner around when cleaning thanks to its light weight and small size.

Specifications

Performance
- Airflow (max): 37 l/s
- Input power (IEC): 1600 W
- Sound power level: 82 dB
- Suction power (max): 70 W
- Vacuum (max): 33 kPa

Usability
- Action radius: 8 m
- Carrying handle: Front
- Cord length: 5 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Remote control

Design
- Color: Fire red

Filtration
- Dust capacity: 1.5 L
- Exhaust filter: EPA 10 filter
- Motor filter: Washable filter

Nozzles and accessories
- Accessories included: Crevice tool, Integrated brush
- Accessory storage: On tubeclip
- Additional nozzle: Turbo brush
- Standard nozzle: TriActive nozzle

Sustainability
- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Weight and dimensions
- Dimensions of product (LxWxH): 410 x 281 x 247 mm
- Weight of product: 4.5 kg
- Dimensions of packaging (LxWxH): 525 x 320 x 315 mm
