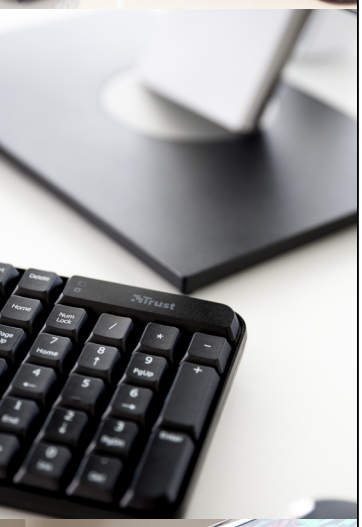
Axxon 1300VA UPS with LCD display



Compact, reliable 1300VA battery back-up UPS with 4 surge-protected power outlets and Smartlink port

Key features

- ✔Ensures temporary battery power when the main power goes out, to let you save important data and prevent damage to your computer
- ✔Compact 1300VA UPS with built-in battery, with enough power for a PC or small server
- ✔Protects your computer against voltage peaks and drops, by providing stable 230V output voltage (AVR)
- ✔4 IEC power sockets to connect your computer, monitor and other peripherals
- ✔Surge protected outputs to prevent damage from power surges, spikes and fluctuations
- ✔Extra reliability for connected devices thanks to RFI filter, surge protection, AVR function and modem/fax/phone protection
- ✔SmartLink connection via USB for automatic shutdown and notification; software included
- ✔Clear optical and acoustic indicators for power outage and low battery warning
- ✔Overload and short circuit protection to keep your hardware safe
- ✔LCD display to show current status
- ✔Sturdy metal housing
- ✔2 IEC power cables included
- ✔Extended warranty of € 20.000,- on connected equipment*
- ✔* check conditions on trust.com
