Easy and safe to use

- Protective silicon layer
- Safe LED technology
- Easy-to-use remote control

PHILIPS

Indirect light
LIGHTSTRIPS 5M RGB multi color, LED

7010231P6

Highlights

Dimmable

Adjust the brightness by using the remote control.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

Plug & Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug & play principle. Everything you need is already included in the box and explained in the Quick Start Guide.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated high quality adhesive strip on the backside.

Protective silicon layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.

Automatic color changing mode

You can choose different automatic color changing modes and adjust the speed and brightness of the color loop. This by simply pressing the button on the remote control.

Choose among 30 colors

Choose your favorite color and change it any time you like. Or put on a dynamic light effect to create a richer athmosphere. You can even turn it on strobo mode and have a party with friends.

Easy-to-use remote control

The infrared remote control allows you to control easily the LightStrips while you're relaxing on the sofa or lying on the bed. Use the remote control to turn on/off the light, change color, adjust brightness or choose one of the lighting modes and control the speed.

Specifications
